

The Rail Sector Deal – SME Workshops

Your chance to shape the future of our industry

As a valued member of the rail sector, we would like to invite you to participate in an SME-focused workshop to discuss the Rail Sector Deal which is being developed in consultation with, and on behalf of, our industry.

The Rail Supply Group (RSG) in partnership with the Rail Delivery Group (RDG) has been working with Government to develop an industry leading and transformative deal that will shape our industry over the next 20 years, boosting productivity, employment, innovation and skills.

This Sector Deal proposal offers the industry a unique opportunity to champion the substantial contribution the rail sector makes to the UK economy and to push for the necessary support to drive our industry forward.

As part of this process, it is important to engage with the supply chain at all levels to inform the Rail Sector Deal bid. Therefore, we would greatly appreciate your contribution to the discussion, so we can move forward to the next stage to ensure the best possible Deal is submitted to Government.

To attend one of the workshops, please register your interest ahead of the event by emailing rsgenquiries@raildeliverygroup.com and confirming which date you would like to attend:

- **Wednesday 9th May: *Railway Industry Association offices in Central London*** (see attached map)
- **Friday 11th May: *Birmingham University***
- **Monday 14th May: *Central Doncaster***

An outline agenda for the workshop is attached.

Who should attend?

Small to Medium-sized Enterprises involved or wishing to be involved in the rail supply chain. This covers all companies up to 250 employees with a turnover not exceeding £50m per annum.

Why attend?

“The Rail Sector Deal is a tremendous industry opportunity to secure agreement with Government to progress a number of key sector priorities that will ensure that Britain’s rail industry is truly world leading and reaches its full potential.

“Whilst significant progress has been made, there is still a considerable amount of work to be undertaken to support securing the Sector Deal. This is where you can help. We would greatly appreciate your contributions to the discussion to ensure the best possible Deal is submitted to Government in late June.”
