

SME Collaboration Lightweighting Challenge

Delegate List : Electrical and Electronic Equipment

Company Name	Delegate Name	Company Activity
BCIMO (Black Country Innovative Manufacturing Organisation)	Olivia Brown	Serves to accelerate the supply chain and market development for very light rail solutions
BEC Group	Clare Elvy	Plastic injection design, tooling and moulding with specialist filter division
Brecknell Willis	Elliott Beresford	Overhead and Third Rail electrification systems and Composites manufacture
CHH Conex Ltd	Liz Scott	CHH Conex manufacture innovative polycarbonate products and lightweight harness assemblies
Composites Evolution Ltd	Ben Hargreaves	Development, manufacture and supply of advanced composite materials.
CWE Ltd	David Bates	A journey from wired to wireless to virtual coupling
Dept for Business, Energy & Industrial Strategy	Ivan Youd	
Design & Analysis Ltd.	Carl Woolley	Rolling stock design and stress analysis services
Design & Analysis Ltd.	Phil Wyatt	Rolling stock design and stress analysis services
Dyer Engineering	Lee Farms	Fabrication, machining, assembly of complex metal structures
Dyer Engineering	Mick Martindale	Fabrication, machining, assembly of complex metal structures
Elastacloud Ltd	Gary Hunter	Elastacloud builds data and AI platforms using sensors for process and space automation.
Eric Keeble	Eric Keeble	Manufacture and Develop Control, Interface, Signal and Passenger information systems
Ganymede Solutions	Lindsay Warren	Connections throughout the industry that could add great value
Hitachi Rail	Gisela Narrea	Client
Hitachi Rail	Lorna McDonald	Client
HKA	Carl Simms	HKA are a leading dispute avoidance and resolution firm
Infinitive Group	Ben Craze	Electrical & Electronic equipment
Jaltek Systems Ltd	Claire Mackay	Design Prototype and Manufacture of electronics and systems
Kc4business Ltd	Kathryn Clamp	Representing RCM, Electromechanical components companies, business development, supporting SME Collaboration
LPA Connection Systems	Jonathan Rowe	Power/data connection systems and electrical cabinets
Oxley Developments	Nigel Young	Provider of advanced solutions for defence, aerospace, rail and telecommunications applications

Porterbrook	Alison Smith	Client
Premier Group Manufacturing (Coventry) Ltd	Greg Hodge	Lightweight pressed metal panels and assemblies
PSL Assemblies	Thomas Hadley	UK's leading supplier of Power Semiconductor Stack Assemblies and Engineered Thermal Management Products
Rail Vehcile Components (UK) Ltd	Neil Pointon	Suppliers of components for Railway Rolling Stock
RLE FutureMotiv	Krunal Gupta	Electric and hybrid vehicle systems integration
Siemens	Nicola Philips	Client
Siemens	Gregg MacDonald	Client
Thomas Brown Engineering Limited	Chris Holt	Application of our 2 Second Lean principles to "2 Gram Lighter"
TIME 24 LTD	Stephen Cheek	Contract manufacture - complex electrical harnesses and looms. Control cabinets and panels
TRATOS (UK) LTD	Chris Harris	T&RS cable manufacturer; aluminium and/or copper clad conductors, also fibre optic cable
TRB Lightweight structures ltd	Toni shepherd	We are specialists in high volume automated composite component manufacturing
University Of Derby	Luigi Sanguigno	Modeling of railway component mechanical behavior under dynamic loads
