Are You an SME?

SMEs, according to the recognised EU definition, can benefit from a discounted rate of standard membership. Each year members accessing the SME rate are required to declare by email to engagement@railforum.uk, their ongoing SME status, and to notify us if that status changes during the membership year.

- Do you employ fewer than 250 people?
- Is your annual turnover smaller than 50 million Euros?
- Is your balance sheet total smaller than 43 million Euros?
- Is your company part of a wider group? (e.g. a subsidiary with another company holding greater than 25% shares, or a parent company)

(*Premium Membership is not available with an SME discounted rate)
